

PROCEEDINGS OF THE LEGISLATURE

Senators Go to Hear Debate on
Buckman Measure in House.

ARE HOT AFTER STATE PRINTER

Report on Insane Asylum a Fierce Document—Drainage Measures Up. Buckman's Educational Bill Brings Out Much Oratory.

Tallahassee, May 19.—The Senate convened at 10 a. m. yesterday.

New bills introduced: To provide for a State sanitarium for epileptics, inebriates, etc.; to make the sale of wines, liquor and beer unlawful in towns of less than 200 registered voters.

The drainage joint resolution of Senator Adams, after being perfected by an amendment, was ordered engrossed.

A similar bill by Senator West was ordered engrossed.

A resolution was offered by Senator Harris inquiring into the truth of the matter as to whether members of the Board of State Institutions owned stock in the Capitol Publishing Company, and asking that an investigating committee be appointed, with power to administer oaths, which resolution was adopted.

A resolution was also adopted to inquire into the amount of insurance, premiums, etc., on State property.

Senator Zim's bill to provide for the extension, improvement and the erecting of necessary buildings for the Florida School for the Blind, Deaf and Dumb, and to make an appropriation therefor, was read third time and passed.

House Bill No. 207, an act to amend section of Chapter 4226, Laws of Florida, being "An act to establish a criminal court of Hillsboro," approved April 10, 1893, was, under waiver of rules, read the second and third time and passed.

House Bill No. 67, an act for the relief of John Y. Deswiler for services as fish commissioner, was, under waiver of rules, read the second and third time and passed.

After adjournment the Senate reconvened at 3:30 p. m., only 14 members answering to their names, the president declaring no quorum present.

The sergeant-at-arms could not be found to send for members, so on motion of Senator Adams a recess was taken until 4:30 p. m.

At 4:30 p. m. the Senate reconvened and the president announced Senators West, Harris and Clark as the committees to inquire into the Board of State Institutions and its connection with the Capitol Printing Company.

House Memorial C, by Mr. Wells, a memorial to the Congress of the United States requesting that the pension laws of the United States be so amended as to permit and allow the widows of soldiers and sailors of the Mexican War of the United States to draw a pension of \$12 per month, in lieu of \$8 per month, as now provided by law, was read the second and third time and passed.

By consent the following new bills were introduced:

By Senator Adams, appropriating \$5,000 annually for two years in aid of the Middle Florida Fair to be held in Jasper.

By Senator Gillen, appropriating \$5,000 annually for two years in aid of the Middle Florida Fair to be held at Lake City.

By Senator Harris, to provide for the organization of a cadet corps from all State institutions where military science is a part of the prescribed course, and to provide a uniform system of instruction.

Senator Crane's bill regarding the conducting of building and loan associations was then taken up, and after being amended was ordered engrossed.

In the House.

Tallahassee, May 19.—The House convened yesterday morning.

After several minor matters had been attended to the following resolution by Mr. Paden was adopted:

"That no lobbyists shall be allowed inside the railings during the sessions of the House, as they have become a nuisance."

Mr. Dupont's resolution, to request the Governor to furnish an itemized statement of all insurance on State property, stating with what agents these policies are placed, and if any person is employed by the Governor in relation to the insurance of State property, was adopted.

The hour having arrived for consid-

How Is Baby Today?

Better, thank you. In fact, quite well. Fat, round and full of life and mischief. Pink and white flesh, dotted with dimples. No cough, no indigestion. All on account of

eration of House Bill No. 361, by Mr. Buckman of Duval, a bill to be entitled an act to abolish the present State schools and to establish a female college and a university, together with a substitute offered by the special committee on State institutions, was taken up.

The following is a synopsis of the bill:

Appoints board of control, removable at the will of the Governor. This board is to meet at Tallahassee; is to assist to locate the university; is to locate the female college; the deaf, dumb and blind institute; a colored normal school, the latter at Tallahassee. Of the two colleges, one is to be east, the other west of the Suwannee.

The board of control is to meet at Tallahassee as often as may be necessary; is to elect a chairman; to have a secretary; and to have and employ all necessary clerks and servants; to visit and inspect all the institutions, and each and every department, and to provide for the proper keeping of accounts, registers and records thereof; to appoint all the managers, faculty, teachers, servants and employees; to remove the same, fix their compensation, and provide for their payment; provide for the course of instructions, and alter the same. To audit and approve all the accounts and expenditure, supervise the employment and removal of all teachers and instructors; select and purchase all property, furniture, fixtures, and paraphernalia necessary from time to time; to build, construct, change, enlarge, repair and maintain any and all the buildings now in existence or that may hereafter be necessary, and to care for and maintain the same; to audit all accounts in regular session, to buy and sell land, perform every other matter and thing requisite and necessary for the maintenance of the institutions.

The board of control is authorized and empowered to provide a system and course of written examinations for all the public high schools in this State, and no pupil in any high school shall be advanced to any grade or permitted to enter any of the higher institutions except by a certificate of admission from the board of control.

The university and female college shall both contain normal departments. No students below twelfth grade will be admitted to the university, and none below tenth grade to the female college.

The bill is exceedingly lengthy. Its reading occupied a full hour. At the close of the reading a slight discussion arose as to whether the regents' bill and Mr. Rawls' substitute had been withdrawn. The chair ruled that all the bills were yet before the House.

Mr. Bryan of Washington moved to indefinitely postpone Mr. Buckman's bill.

Mr. Buckman spoke in favor of the bill. He said the resources of the State could not supply the wants of the colleges; that \$1,386,291 had been appropriated; since 1901 one-third had been used, and this year the total amount asked for was \$700,000. He charged lax business methods; said that there are in these institutions 1,600 pupils, and that it costs more to educate these pupils than all the other schools in the State of Florida, and that of this number more than 60 per cent should

be in the high or grammar schools of the State. He spoke fully an hour.

Several of the members spoke for and against the measure, and Dr. Julian of Columbia made a strong plea against the bill. He said that there was a movement on foot among them to establish a university at Jacksonville. This he was opposed to. He did not want the boys subjected to the influences of a city. He said: "Our colleges are not what they ought to be. Dr. Buckman has carefully examined the diseased conditions and diagnosed that the Legislature has appropriated too much money in their aid. He may have private convictions that there has been mismanagement, blunders and graft, and now this kind hearted physician, instead of suggesting a treatment that will eradicate these diseases partially, says that you shall take this instrument and stab them to death."

The session closed with the bill still pending.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Sold by J. W. McCollum & Co.

In Memoriam.

McKinstry Parish, little son of Mr. and Mrs. Philip Parish, died at the home of its parents near Hague on May 3, which sad event was painfully felt by relatives and a large circle of friends who extend sympathy to his parents in the hours of their bereavement.

Dear little McKinstry was dearly loved by all who knew him. He was born February 18th, 1902, and passed away to his happy home to be forever with Jesus and the angels.

The interment was made in the Antioch cemetery on May 4, Rev. Mr. Brown of LaCrosse officiating. It was a scene of most impressive grief and sadness.

Jottings from Jonesville.

Jonesville, May 19.—Rev. S. W. Sheffield filled his regular appointment here last Sunday.

Mr. and Mrs. T. R. Pickett visited relatives at Judson last week.

W. W. Sims made a flying trip to Jacksonville one day last week.

Mrs. N. A. Dudley of Judson is visiting her brother, R. P. Miller.

Miss Irene Miller is visiting friends and relatives at Judson this week.

Mrs. J. I. Griffin and son, John, visited the former's daughter, Mrs. N. B. Smith of Newberry, Sunday.

Mrs. Beville and daughter, Miss Ruth, of Gainesville, attended church here last Sunday.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

Manufacturer's Body Found.

Chicago, May 19.—The body of Otto Krosschell, a wealthy manufacturer of boilers and machinery has been found by diggers at work on the Chicago river. He had been missing since May 8, when he left his home to go to his office. For several months Mr. Krosschell had shown symptoms of mental aberration, according to his family. It is supposed that he either fell accidentally into the river while wandering or committed suicide in a fit of derangement.

Ayer's

Sarsaparilla. Your doctor will tell you why he prescribes it for thin blood, weak nerves. He will explain why it gives strength, courage, endurance. Sold for 60 years.

You May Be Cured

544 Garfield Avenue,
CHICAGO, ILL., October 9, 1902.

After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhoea resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

Frances Kingsley
Vice-Pres., Chicago Historical Club.

How can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. We ask you to go to your druggist today and secure a \$1.00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingsley writes about will soon be yours. If you think special directions are needed in your case, address, giving symptoms, Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn.
